

Exciting new features for the 2011 Jednota Bowling Tournament.

Mixed Events

Bowlers can enter in Mixed Teams and Mixed Doubles.

Multiple Entries

Bowlers are eligible to enter twice in any event (Teams, Doubles, Singles).

Single Women

Women that are interested in competing for a larger prize in singles are invited to bowl in men's singles. Women will receive the same handicap as the men. To compete in women's singles and men's singles you must bowl singles twice.

The Particulars

You may compete with the same team or double partner twice or with a new team or doubles partner. Mixed teams consist of 2 men & 2 women. You can only cash once with the same team or double partner or in singles (women that bowl in both divisions can cash in each division in singles).

To be considered a new team, two members of the team must be different. In doubles your partner must be different.

All events will consist of the highest series in each event.

There will only be a separate prize fund for mixed events if there are at least 21 teams / doubles participating. Otherwise mixed competition will be in the men's division.
